TAMI COLE, PRESIDENT & CEO

Tami's background includes nearly twenty years in designing and implementing business applications, working for two of the Capital Region's well-known consulting companies; CGI (previously Deloitte Consulting/DRT Systems), on her own as an independent consultant and, most recently, with PwC for the past 12 years. She has worked in every facet of business application development, from analyzing and documenting the business' needs to coding and testing applications as well as writing user guides and training employees on using applications effectively. Her extensive portfolio includes designing healthcare coding and compliance software used in more than 300 hospitals nationwide and working on projects with clients and development teams from all over the world.
